Foreword .....	iii
Preface .....	v
Explanatory notes .....	xi
<i>Chapter</i>	
I. Introduction .....	1
II. Making precursor control fit for 2019 and beyond (a contribution to the special session of the General Assembly in 2016) .....	1
A. From 1988 to 1998: the first 10 years and the General Assembly's special session devoted to international efforts to fight drug abuse and drug trafficking .....	2
B. Situation in 2009 .....	2
C. Situation in 2014 .....	4
D. Possible solutions .....	5
III. Action taken by Governments and the International Narcotics Control Board .....	6
A. Scope of control .....	6
B. Adherence to the 1988 Convention .....	7
C. Reporting to the Board pursuant to article 12 of the 1988 Convention .....	7
D. Legislation and control measures .....	8
E. Submission of data on licit trade in, uses of and requirements for precursors .....	9
F. Annual legitimate requirements for imports of precursors of amphetamine-type stimulants .....	9
G. Controls over international trade .....	10
H. Activities and achievements in international precursor control .....	13
I. Precursors Incident Communication System .....	15
IV. Extent of licit trade in precursors and the latest trends in precursor trafficking .....	16
A. Substances used in the illicit manufacture of amphetamine-type stimulants .....	18
B. Substances used in the illicit manufacture of cocaine .....	30
C. Substances used in the illicit manufacture of heroin .....	32
D. Substances used in the illicit manufacture of other narcotic drugs and psychotropic substances .....	36
E. Substances used in the manufacture of non-scheduled substances of abuse .....	36
V. Conclusions .....	37
Glossary .....	38
<i>Annexes*</i>	
I. Parties and non-parties to the 1988 Convention, by region, as at 1 November 2014 .....	41
II. Annual legitimate requirements for ephedrine, pseudoephedrine, 3,4-methylenedioxyphenyl-2-propanone and 1-phenyl-2-propanone, substances frequently used in the manufacture of amphetamine-type stimulants .....	47

\* The annexes are not included in the printed version of the present report but are available in the CD-ROM version and in the version on the website of the International Narcotics Control Board ([www.incb.org](http://www.incb.org)).

III.	Substances in Tables I and II of the 1988 Convention .....	53
IV.	Use of scheduled substances in the illicit manufacture of narcotic drugs and psychotropic substances .....	54
V.	Treaty provisions for the control of substances frequently used in the illicit manufacture of narcotic drugs and psychotropic substances .....	58
VI.	Regional groupings .....	59
VII.	Submission of information by Governments pursuant to article 12 of the 1988 Convention (form D) for the years 2009-2013 .....	60
VIII.	Seizures of substances in Tables I and II of the 1988 Convention, as reported to the International Narcotics Control Board, 2009-2013 .....	65
IX.	Submission of information by Governments on licit trade in, uses of and requirements for substances in Tables I and II of the 1988 Convention for the years 2009-2013 .....	102
X.	Governments that have requested pre-export notifications pursuant to article 12, paragraph 10 (a), of the 1988 Convention .....	109
XI.	Licit uses of the substances in Tables I and II of the 1988 Convention .....	114
Tables		
1.	Governments failing to report as required under article 12, paragraph 12, of the 1988 Convention, 2013 .....	8
2.	Seizures of precursor chemicals in Tables I and II, by reported origin, 2009-2013 .....	17
Figures		
I.	Types of non-scheduled chemicals .....	2
II.	Summary of Government replies to form D, 2004-2013 .....	7
III.	Number of Governments providing estimates of annual legitimate requirements, 2006-2014 .....	10
IV.	Percentage of Governments registered with the Pre-Export Notification Online system that systematically reviewed incoming pre-export notifications through the system, by region, 2009-2013 .....	12
V.	Extent of licit international trade in precursor chemicals compared with local sourcing for illicit purposes, 2009-2013 .....	16
VI.	Number of countries and territories with recorded seizures of ephedrines, 2004-2013 .....	19
VII.	Global seizures of bulk (raw) ephedrine and pseudoephedrine, by region, 2004-2013 .....	19
VIII.	Breakdown of seizures of ephedrine and pseudoephedrine, 2009-2013, by region of reporting country and origin (when specified), bulk (raw) versus preparations .....	20
IX.	Number of countries and territories with recorded seizures of phenylacetic acid and 1-phenyl-2-propanone (P-2-P), 2004-2013 .....	23
X.	Global seizures of 1-phenyl-2-propanone (P-2-P) and phenylacetic acid, 2004-2013 .....	24
XI.	Distribution of seized amphetamines precursors, periods 2004-2008 and 2009-2013 .....	25
XII.	Global seizures of 3,4-methylenedioxyphenyl-2-propanone (3,4-MDP-2-P) and piperonal, 2004-2013 .....	26
XIII.	Distribution of seized precursors of 3,4-methylenedioxymethamphetamine (MDMA, commonly known as "ecstasy"), 2004-2008 versus 2009-2013 .....	27
XIV.	Global seizures of potassium permanganate, 2004-2013 .....	31
XV.	Global seizures of acetic anhydride, by region, and illicit cultivation of opium poppy, 2004-2013 .....	33

XVI.	Breakdown of seizures, by weight or volume, of selected precursors by type of reported origin, 2009-2013 .....	34
XVII.	Price of acetic anhydride on the black market in Afghanistan, 2006-2014 .....	35
Maps		
1.	Governments registered with the Pre-Export Notification Online system and having invoked article 12, paragraph 10 (a), of the 1988 Convention, requiring pre-export notification for selected substances, as at 1 November 2014. ....	11
2.	Governments registered with and using the Precursors Incident Communication System, as at 1 November 2014 .....	15
