Foreword ................................................................. iii
Preface ................................................................. v
Explanatory notes ..................................................... xi

Chapter

I. Introduction .............................................................. 1
II. Action taken by Governments and the International Narcotics Control Board ............ 1
   A. Scope of control .................................................. 1
   B. Adherence to the 1988 Convention .......................... 1
   C. Reporting to the Board pursuant to article 12 of the 1988 Convention .................... 2
   D. Legislation and control measures ......................... 3
   E. Submission of data on licit trade in, uses of and requirements for precursors ........ 5
   F. Annual legitimate requirements for imports of precursors of amphetamine-type
      stimulants ......................................................... 5
   G. Pre-export notifications and utilization of the Pre-Export Notification Online system . 7
   H. Activities and achievements in international precursor control ............................ 10
III. Extent of licit trade in precursors and the latest trends in precursor trafficking ............... 12
   A. Substances used in the illicit manufacture of amphetamine-type stimulants ........... 12
   B. Substances used in the illicit manufacture of cocaine ........................................... 24
   C. Substances used in the illicit manufacture of heroin ............................................. 27
   D. Substances used in the illicit manufacture of other narcotic drugs and psychotropic
      substances .......................................................... 31
   E. Solvents and acids used in the illicit manufacture of various narcotic drugs and
      psychotropic substances .......................................... 32
   F. Substances not in Table I or Table II of the 1988 Convention that are used in
      the illicit manufacture of other narcotic drugs and psychotropic substances or
      substances of abuse not under international control .............................................. 34
IV. Internet-facilitated trade in precursors ................................................................. 36

Glossary ........................................................................ 38

Annexes*

I. Parties and non-parties to the United Nations Convention against Illicit Traffic in Narcotic
   Drugs and Psychotropic Substances of 1988, by region, as at 1 November 2017 ............. 41
II. Annual legitimate requirements for ephedrine, pseudoephedrine, 3,4-methylenedioxyphenyl-
    2-propanone and 1-phenyl-2-propanone; substances frequently used in the manufacture of
    amphetamine-type stimulants .................................................. 47
III. Substances in Table I and Table II of the United Nations Convention against Illicit Traffic in
    Narcotic Drugs and Psychotropic Substances of 1988 ............................................. 53
IV. Use of scheduled substances in the illicit manufacture of narcotic drugs and psychotropic
    substances ................................................................. 54

* The annexes are not included in the printed version of the present report but are available on
the website of the International Narcotics Control Board (www.incb.org).
V. Treaty provisions for the control of substances frequently used in the illicit manufacture of narcotic drugs and psychotropic substances ............................................. 58
VI. Regional groupings ............................................................... 59
VII. Submission of information by Governments pursuant to article 12 of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988 (form D) for the period 2012–2016 ......................................................... 60
VIII. Seizures of substances in Table I and Table II of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988, as reported to the International Narcotics Control Board, 2012–2016 ......................................................... 65
IX. Submission of information by Governments on licit trade in, uses of and requirements for substances in Table I and Table II of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988 for the years 2012–2016 ......................................................... 100
X. Governments that have requested pre-export notifications pursuant to article 12, paragraph 10 (a), of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988 ......................................................... 107
XI. Licit uses of the substances in Table I and Table II of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988 ......................................................... 112

Figures

I. Form D submissions by States parties to the 1988 Convention, by date of submission, 2012–2016 ........................................................................... 2
II. Annual legitimate requirements for combined bulk and pharmaceutical preparations containing pseudoephedrine for selected countries in West Asia, 2013 and 2017 ............................................. 6
III. Governments having invoked article 12, subparagraph 10 (a), of the 1988 Convention, by region (as at 1 November 2017) ......................................................... 8
IV. Number of pre-export notifications received and viewed, by region, 1 November 2016–1 November 2017 ......................................................... 8
V. Imports and estimated annual legitimate requirements for imports of pseudoephedrine reported by the Government of the Syrian Arab Republic on form D, 2007–2016 ......................................................... 10
VI. References to substances in the Precursors Incident Communication System, selected substances, 2012–2017 ......................................................... 11
VII. Seizures of ephedrine and pseudoephedrine reported by Governments on form D, 2012–2016 ......................................................... 13
VIII. Seizures of pseudoephedrine (raw material and preparations) reported by Myanmar on form D and to the Fortieth Meeting of Heads of National Drug Law Enforcement Agencies, Asia and the Pacific, 2012–2016 ......................................................... 14
IX. Seizures of ephedrine and pseudoephedrine and their preparations reported by Governments of European countries on form D, 2012–2016 ......................................................... 17
X. Seizures of P-2-P reported by Governments on form D, 2012–2016 ......................................................... 18
XI. Incidents involving APAAN and APAA, its non-scheduled substitute, communicated through the Precursors Incident Communication System ......................................................... 19
XII. Seizures of 3,4-MDP-2-P and non-scheduled 3,4-MDP-2-P substitute chemicals reported on form D, 2012–2016 ......................................................... 21
XIII. Seizures of methylamine reported by Governments on form D, 2012–2016 ......................................................... 23
XIV. Seizures of potassium permanganate reported by Governments on form D, 2012–2016 ......................................................... 25
XV. Seizures of sodium hypochlorite reported by Governments on form D, 2012–2016 ......................................................... 26
XVI. Proportion of sodium metabisulfite seizures reported by Governments on form D, 2012–2016 ................................................................. 27

XVII. Seizures of acetic anhydride reported by Governments of countries in West Asia and by the Government of China on form D, 2012–2016 ......................................................... 29

XVIII. Seizures of ergotamine and lysergic acid reported by Governments on form D, 2012–2016 ................................................................. 32

XIX. Seizures of solvents (acetone, ethyl ether, methyl ethyl ketone and toluene) and acids (hydrochloric and sulphuric acid) reported by Governments on form D, 2012–2016 ........ 33

Box

Challenges related to the use of annual legitimate requirements as a precursor control tool . . 7

Table

States parties failing to report as required under article 12, paragraph 12, of the 1988 Convention, 2016. ......................................................................................... 3
