Dear Sir,

According to CND resolution 46/6 regarding travellers under medical treatment with drugs containing narcotic drugs and psychotropic substances under international control, we would like to inform you as follows;

1. The Narcotics Act B.E.2522 (1979), amended by Narcotics Act B.E.2545 (2002) described "No person shall import/export narcotics of category II, unless obtained the license from the licensing authority for specific cases in government service". So, we can not permit anyone to carry drugs containing narcotic of category II into/out of Thailand for personal medical use.

2. The Psychotropic substances Act B.E.2518 (1975) described "No person shall import/export psychotropic substances of category II, III and IV unless obtained the license from the licensing authority. But it is not apply to the carrying of psychotropic substances of category II, III and IV not exceeding the quantity required for self treatment for a period of thirty days with a certificate of physician" So, travellers can carry drugs containing psychotropic substances into/out of Thailand for personal medical use with the quantity of not exceeding thirty days of usage and with a certificate of physician.

3. We are in the process of amending our national regulations in order to comply with the guidelines for national regulations concerning travellers under treatment with internationally controlled drugs.

Sincerely yours,

(Mrs. Raviwan Preedeesanith)

Deputy Secretary-General

For Secretary-General
