A brief history of I2ES

Increase usage

2018

Platform for issuance, upload, exchange of import and export authorizations between countries.

A web-based app designed to expedite the process.

Funded by: Australia, Canada, France, Italy, Portugal, Russian Federation and the USA.
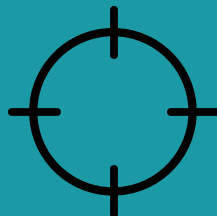

Main Features

Main Features

ADDED VALUES

Save time and resources to process import and export authorizations.

Improve communications between countries with alert systems.

In line with the Single Convention on Narcotic Drugs (1961) and the Convention on Psychotropic Substances (1971).
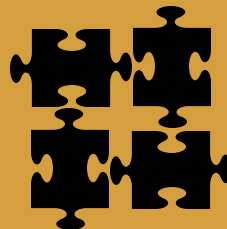

To make it available in additional languages.

To build Member States' capacities [Training of Trainers -ToT].

Local and regional meetings to customize the system.

Main Features

How to become a user

1 STEP

REGISTER FOR AN ACCOUNT

https://i2es.incb.org

2 STEP

ADMINISTRATOR

The **first person** to register for an administrator account is usually the **head** of your **Competent National Authority** (CNA).

INCB will **send a letter to your CNA to confirm** the registration of the administrator.

STEP 3

CONFIRMATION

Once your **CNA certifies** your registration with a **written** confirmation. INCB will provide you login details to use I2ES.
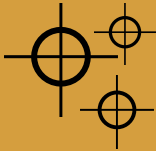

STEP 4

CREATE USER ACCOUNT

As **administrator** for your country's **account**, you can **create user accounts** for your authority.

How to become a user

Getting started

Review your import and export authorizations issued.

Identify your major partners by number of authorizations exchanged.

Discuss with your trading partners to get connected via I2ES.

Q&A

NOT SURE IF YOU HAVE AN ACCOUNT?

Inquire within your authority or **contact** the I2ES team.

YOU HAVE AN ACCOUNT, ARE YOU USING IT?

The I2ES team can provide you with information on **training.**

WANT TO CHANGE THE ADMINISTRATOR?

Write to I2ES team about the change and submit a **new registration**.
