The International Narcotics Control Board (INCB) has the honour to request the cooperation of the competent authorities of your Government in the following matter.

The Board would like to remind all Governments that in acute emergencies, such as the present alarming situation in Brazil and India resulting from the COVID-19 pandemic, it is possible to apply simplified control procedures for the export, transportation and provision of controlled medicines. Under the current circumstances, competent authorities may, therefore, permit the export of controlled medicines containing narcotic drugs and/or psychotropic substances to affected countries even in the absence of corresponding import authorizations and/or estimates. Urgent deliveries need not be included in the estimates of the receiving country.

Further information on this subject is available in the *Guidelines for the International Provision of Controlled Medicines for Emergency Medical Care* developed by the World Health Organization (WHO) in cooperation with INCB. These Guidelines are available on INCB's website:

https://www.incb.org/documents/Narcotic-Drugs/Guidelines/medical_care/Guidelines_emergency_Medical_care_WHO_PSA.pdf

Competent authorities are invited to contact the Board, in case any assistance is required to facilitate the supply of controlled medicines to Brazil and India.

The Board trusts that this matter will receive the prompt attention of your Government.

Vienna, 29 April 2021

The image shows a handwritten signature in blue ink, which appears to be a stylized 'S' or 'S' with a horizontal line extending to the right. Below the signature is a circular official seal of the International Narcotics Control Board. The seal contains the text 'INTERNATIONAL NARCOTICS CONTROL BOARD' around the perimeter and 'INCB OICS' in the center.
